

Jesús Rincón
Software Engineer

Gomez Palacio, Durango (871) 458 2636
chuckrincon@gmail.com chuckrincon.github.io

Software engineer with 5+ years experienced, oriented in leading the development of simple and complex products from scratch, with active participation all over the development life cycle. Working with multiple Frameworks, Operating Systems and several programming languages. Willing to explore more leadership, training and feedback to ensure that the teams who I work with, perform to the best of their abilities and deliver consistently.

Work Experience

Imagen Digital Studio

2017 – Current

Freelance Web Developer

- Planned, developed, tested, deployed, and maintained web applications.
